* Fourth grade is the first year that students may participate in the Bring Your Own Device program at school. We highly recommend that students utilize either a tablet or Chrome Book. Cell phones are a difficult technology tool to use for completing most fourth grade technology tasks. We really love Chrome Books! ☺ This is an optional program and students are not required to participate. If you have questions please feel free to contact Mrs. Hutchinson (khutchinson@ascentutah.org). *****This is an optional program*****
