13 REASONS WHY

In response to Netflix Series **13 Reasons Why**, Utah State Board of Education has recommended the following documents be shared with all staff, and made available to parents. If a student has already watched the series, the recommendation is to review the Talking Points document with them.

- [13 Reasons Why Talking Points](#)
- [Recommendations for Reporting on Suicide](#)
- [Community Resources](#)

The show, based on a novel, is the story of a 17-year-old girl who takes her own life. She leaves behind 13 recordings explaining the reasons why she chose to commit suicide. ***While the show brings up the importance to talk about suicidal thoughts, it portrays***

in graphic detail situations where youth are dealing with serious issues, from bullying to sexual assault, without getting support from adults. Please consider the age and developmental stage of your student before allowing them to watch the show.
