

## **Weekend Review – September 24, 2016**

I hope you all stayed safe and dry the week.

### **Lake Yeti**

Lake Yeti has returned. During a heavy rain we have a “lake” at the west end of our playground. This is a retention pond that is doing exactly as designed – retaining the over flow water from the parking lot, curb, playground area, and run off. The grates at the bottom of the pond are not drains to let the water out; they are actually drains that bring the water into the pond. The water will permeate the soil and evaporate. The fence was installed for the safety of all. Please remind your children NOT to climb on the fence or attempt to retrieve items that may be on the other side.

### **Lost and Found**

We do have a Lost and Found. It is located in the foyer of the school. Please stop by and look through the Lost and Found for any of your child’s items. Next Friday, everything will be bagged up and donated.

### **October Schedule**
